TIDE RISES TO DROWN WILDCAT HORDE, FIRST VICTORY FOR TEAM

Gaters Come From Behind, Smear Invader's Play, Score; Rooters Hilarious

FARMER FINALLY BEATS ALMA MATER

Squad Offence Strong in Friday's Game, Weak Pass Pass Defence Lets Two Scores By

By FRANK SCHWASS

The Gods smiled down upon the purple and gold clad warriors of San Francisco State, and in their benevolence planted the olive wreath of victory on the battered brow of the Gater. The mythical scoreboard on the north end of Roberts Field read S. F. State 13; Chico State 12, as the gun sounded for the end of the game. The flood-lights of the old ball park dimmed on a scene of hilarious rejoicing as it finally dawned upon faithful Gater rooters that their team had come through and State had broken into the win column at last.

The Chico squad, outweighing the local eleven, played stellar ball but bad breaks coupled with a fierce determination on the part of the purple and gold eleven sent hem down to defeat. To the visitors goes credit, justly deserved, for a fine game well played.

The first quarter saw a wary game played by both sides, like fighters aware of the opponent's strength and attempting to feel him out. Red Thompson, who played a brilliant game for the Gaters tried two field goals while deep in enemy territory but missed both. The Harkness-to-Gomez passing combine was revealed in this quarter, but while long gains were made, the ball was never in scoring position. For the Wildcats, fast, swivel-hipped Bennie Reams flashed through the Gater team but

Summer School Enlarges

Prexies Meet In Sacramento

Full Program Planned For 1938 Session In State College Summer School Plans

San Francisco State College is the largest of the seven state college summer schools for which allotments and plans were made at a College President's meeting held last Wednesday, September 29, in Sacramento.

The richest program in this college's history will be instituted during the summer session of 1938. Among other features, training camps for recreation leadership will be held for two weeks in June followed by a six weeks course divided into 2 three-weeks courses which will be ended by a post session in August.

Other new features will be the inauguration of more regular college courses for lower division students. Some of these courses will be Field Science in which students will spend the entire time in the mountains and on beaches. There will also be a Field Course in Social Institutions in which the whole time will be devoted to studies of courts, jails, hospitals, detention homes, asylums, and clinics.

A Demonstration School will be available where experts will present the finest kinds of teaching with more courses for teachers of handicapped children.

Various lecture courses will be expanded and there will be added new recreations, social affairs, and topics in the 6 one-week conferences for principals, supervisors, and experienced teachers.

Gigantic Roberts Field Rally For Friday's Game

Rally Under Joint Sponsorship of State and J. C.; To Be Broadcast Over KGGC

San Francisco Junior College and San Francisco State College will jointly sponsor a rally at Robert's Field on Thursday evening, October 7, at 8 p.m. "The Rally," reports the head yell leader, Hal Delma, "will be broadcast over radio station KGGC. There will be no rally next Friday noon before the evening's game at Robert's Field between San Francisco Junior College and the State's squad."

Both schools will present numbers for the evening's entertainment. Outstanding of these will be local Helen Cox who will contribute her vocal talent, and the presentation of a vocal trio by a popular down town orchestra. Other features will be a twelve-piece swing band and several numbers by State's A Cappella Choir under the direction of Mr. Roy E. Freeburg. There will be added stunts and numerous pep talks by the coaches and members of the team.

Block "S" Dances Agreed Successful

Climaxing a series of Block "S" dances, the post game hop last Friday night after the State-Chico game reached new heights in entertainment for dance-mad Gater rooters. According to Mike Driscoll, erstwhile star miler and present letter-men prexy, " We of the Block "S" organization are sincerely thankful for the spirit and co-operation of the student body which enabled us to put on these dances. We believe that the practice of giving dances after each football game has found favor in the eyes of the students and we are happy to have inaugurated that practice."

Music for the affairs has been provided by Milton Frank and his orchestra. The versatility of this band and their particular style of "swing" has been a further inducement for usually staid academicians to attempt the "big-apple" on the smooth gym floor. To Hal Thompson, stellar basketball player, goes credit for having attended faithfully to the numerous details necessary for a successful affair. Next Friday night's dance will be held under the auspices of Alpha Phi Gamma.

Ninety Members At Westminster Feed

More than ninety members of Wesminster Club were present Wednesday, September 29 at noon in Westminster Church participating in the club's annual spaghetti feed. President Bob Prather announces that this is the largest turn-out the club has ever had at a noon get-together. Dr. Fisk spoke on his recent trip to Japan and China.

Following the feed, a short business meeting was held. Plans were discussed for the organization of a choir as many members of the club are members of the Music Federation.

BUD DECKER

JC Excursion Tickets On Sale Fri.

This week tickets for the Sacramento Excursion Trip to be made on Friday, November 5 for the Sacramento Jaysee - San Francisco State football encounter will be placed on sale in the main corridor of College Hall with the general chairman, Bud Decker, officiating.

The entire trip, which will not be made unless a quota of 200 State students sign up to go, will cost each student $2.50, including transportation, meal, and entrance to the game. The train will leave San Francisco at 4:00 p.m. and return about 3:00 a.m. To and from Sacramento the committee in charge will present much varied entertainment and the two stripped assembly cars which will be provided by the Southern Pacific Railway Company will be available for dancing with State's 35-piece band playing. The San Francisco delegation will be escorted through Sacramento by a representation from Sacramento Jaysee led by John Gowan, student body president and the Sacramento Chamber of Commerce. An entire cafeteria in Sacramento will be placed at the disposal of State students and

(Continued on page 4)

Art Club Modeling

Members of Brush and Pallette were invited to model clay figures for the 1938 Franciscan by its editor, Bill Buchan, at the regular meeting of the group held in annex B2 on September 23. President Constantine Stechelokoff immediately appointed a committee to work on this assignment and those named were: Grace Regier, Ruth Glutchenson, Gerry Radcliff, Del Delanoy, and Betty Fisher.

TERM PLAY CAST WILL BE DECIDED

Eighteen Students Turn Out For Parts in New Play "Call It a Day"

This afternoon final casting of this semester's play, "Call It a Day" will be made. Characters are to be chosen from students now trying out with Miss Jessie Casebolt.

Eighteen students turned out last Thursday and an equal number is expected this week. The play has fifteen characters and so gives an opportunity for many members of College Theatre to act.

Next semester's play will probably be either "Private Lives" or "Mrs. Moonlight". Both are adaptable to college production.

College Theatre will have a new cyclorama of black, canton flannel this year.

Students will be admitted free of charge to this and the next play. Seats may be reserved by presenting student body cards before the night of the play. Admission for outsiders will be forty cents.

On Wednesday, October 6, members of College Theatre will play host at the Parent-Faculty Meeting in Annex B2 from two until four o'clock. Miss Casebolt will give an illustrated talk on Speech Standards.

Low-High Frosh Plan Combination Dance

Completing plans for the combined high and low freshman dance to be held Saturday, October 16, in the music room, the class officers will meet Monday, October 11 in room 117 at 12:15. Bids for the affair are to be limited and will sell for twenty-five cents, so members of both classes are urged by the committee in charge to buy theirs early.

The committee arranging for this annual class function are Jean Butler, Al Tassi, George Peters, Frank Jackson, Bob Black, Jean Deckman, Ruth Graves, Jean Kleinhammer, and Jack Fisher.

Many New Affairs Planned By Music Fed. In Near Future

In an effort to aggrandize the Music Federation to a lofty position in student activities this year, the Federation's executive board is planning many novel and unique affairs for the 1937-38 school term.

The first event scheduled on the social calendar will be the Federation party on October 15, open to all holders of membership cards and music majors and minors for the nominal fee of twenty-five cents. This affair will be held in Room 8 of Annex B.

"The primary purpose of the party is to draw all music students into a closer social unity and relationship," quoted Norman Zech, president of the group.

The second affair is a noon dance sponsored by the group which will be, "something new and different".

Federation membership cards are still on sale and may be purchased from the following students: Pete Rugulo, Band; Howard Brubeck, Piano Ensemble; Douglas Kidd, A Cappella Choir; Paul De Poister, Madrigals; Dick Lotter, String Ensemble; Lester Weigel, Orchestra, and Howard Schleickmann, College Chorus.

Miss Bertha Palmer Speaks For W. C. T. U. On Campus

Miss Bertha Rachel Palmer of the Department of Scientific Temperance Instruction of the National Women's Christian Temperance Union, will spend Wednesday, October 6, on the campus to present several lectures.

Her program is as follows: 9:10 to 10:00, lecture to Education 130 in the Frederic Burk Auditorium; 10:30 to 11:00, assembly for Upper Grades in the Frederic Burk Auditorium; 11:10 to 12:00, a talk for faculty in Room 112, Frederic Burk; 12:00 to 12:50, luncheon, 25 cents, for all interested faculty.

Reservations may be made with Dean Homan, Room 114, Frederic Burk.

In the afternoon from 1:10 to 2:00, lecture in Hygiene 100 and 151 in Room 110, Anderson Hall; 2:00 to 4:00, an informal conference with display and description of materials with faculty and students, no appointment necessary, Room 112, Frederic Burk.

EDITORIALS

Editorials and feature articles in the Golden Gater reflect only the writer's opinion. They make no claim to represent student or administration opinion. All unsigned editorials are by the Editor.

Rally Speakers Heed Words

Certain occurrences at two of the past football rallies were called to the Editorial attention as not having been in good taste. These were the mention, in poorly considered terms, of male members of the student body who won't participate in sports.

While the gist of these two messages by Dean Cox and Captain Hal Beseman was justified, indeed was necessary, the language chosen, and the phraseology used were very poor.

Certainly it is right for anyone to expect that talented people should give of their talent to the school. Those who do not are slackers.

Naturally this does not include those who must work to support themselves or dependants.

But, however fervent the person who exhorts slackers to action may be, there is no cause for him to use improper language.

Beyond the slightest question of a doubt, these two speakers will rise in wrath over the editor who is so sissyfied as not to overlook a little "direct language".

But enough of this. Both Dean Cox and Hal Beseman are right as far as the content of their speeches is concerned.

He, who is content to sit back and bask in the reflected glory of those who labor for the college, when he, perhaps, can surpass the deeds of they who give, is not a real man. He is not worthy of the name of a man, and he ought not be associated with our college.

Co-Ordination In S. F. State

Friday night marked a turning point in the establishment of a feeling of oneness throughout the college. There, in Roberts Field, was portrayed the story of a college that was a unit.

Athletic minded fellows banded themselves in a group to make up the football team. School spirited students banded themselves together in a group to make up the rooting section. Musically minded students banded themselves together in a group to make up the band. Journalistically minded fellows banded themselves in a group to report the game.

All of these groups worked in harmony, and the result was a football game that really could represent San Francisco State.

The good thing about it, however, is the fact that all of the individuals who made up these groups gave of their time and talent voluntarily and worked for a common co-ordinated end.

Friday night the college was a single unit of co-ordination. And that's the real San Francisco State College!

More Advice To Frosh

From time to time, in these editorials have appeared choice little tidbits of information calculated to start freshmen off on the right foot. Just how well these have been received is hard to judge. But, on the assumption that they may do some good, one more word to the wise is hereby given.

Join a club, or get in an activity.

If you can claim membership in some lively organization, it identifies you. It gives you something to tie to, and it provides a good outlet for your excess energy.

It's almost impossible to be a "Joe College" or "Betty Coed" without some sort of peppy background.

Get out and get it, and **join a club, or get in an activity.**

High and Low Notes

By MILT BRONSTEIN

There are found once in a blue moon, certain organizations which have been in existence and have not received the proper amount of mention. The organization whereof I speak is the Zech Philharmonic symphony conducted by Mr. William Zech of the S. F. State faculty. The orchestra meets on Monday nights and the music this is played is not excelled by any orchestra in San Francisco. Membership is open both to Staters and outsiders; Staters especially are encouraged to enter the group because of the free experience that would cost them no small amount any other place.

Anybody who has been fortunate enough to have partaken of a dinner at the luxurious apartments of Messieurs Bonar and Bronstein prepared by Chef George Alves will vouch that he indeed has been favored by the gods. Food from heaven!

\# \# \#

Smiles . . . Cecilia Storch's dorg hid another bone in her father's tuba; Celia almost got spanked for it . . . Vic York and Freddy Auch made a pact between themselves that the first one of the two to get married (or hooked, as they say) will pay the other fellow $25. It ought to be worth some pretty girls while to get a cut from one of the gentlemen to marry the other. Flash! Vic is offering $20 of his share to anybody marrying Freddy. Here's your chance, girls! (?)

\# \# \#

Go to the gym next Wednesday noon and hear the music of the big-time band made up of Staters exclusively. It's going to be loud, anyway. See you there.

LOST: White and black Schaffer fountain pen and teacher's roll book in Women's Gym Friday night. If found please return to Miss Madge Burt. Her office will be found in the Women's Gym.

SUPPORT YOUR SOCIALS

. . . from this side . . .

By TIM GUINEY

Since we published an editorial in the Monday issue of the Golden Gater, condemning compulsory R.O.T.C. in the educational system of the land, we have become "pacifist agitators", or so says one gentleman who protests against the article.

His letter follows:

"Editor, The Golden Gater,

"Dear Sir:

"Thursday Editor Tim Guiney in his editorial 'War is Hell' in last Monday's 'Gater', displays the same amazing lack of knowledge of our country's military policies as do the University of California's pacifist agitators, with the possible exception that the U. C.'ers really know better. So let's analyze the FACTS.

"I. 'Tollerant Tim' opens with the ascertion that 'ROTC defeats its own ends . . . ' Prime 'end' of ROTC is to train reserve officers, and certainly it does that.

"2. 'Because 'America has not been invaded since 1812' he alleges that there is no need for national defense. What do you think?

"3. 'The very smallness of the Collegiate ROTC's would prevent them from becoming units of great importance in the National Army,' says Mr. Guiney.

"The National Army is a skeleton nucleus made up of trained officers and professional soldiers who in time of war would take up key positions in divisions, brigades, etc. The traditional designations of organizations are retained from the World War.

"Ignorant of this, War Expert Guiney indicates that college units are lifted lock, stock, and barrel and tossed into the machine. Contrarily, those graduates who accept commissions from the President of the United States are assigned to the aforementioned key positions.

"4. The so-called 'subjugation' of recruits is necessary if those recruits are some day to lead their fellows in defense of their country.

" . . . And finally, let it be remembered that 'compulsory ROTC universities' would never have been founded, were it not for that organization.

"We wonder if Strategist Guiney has ever been in the ROTC. Probably not. So if the 'Golden Gater' must attack federal statutes and must carry editorials about subjects that have no interest for most of those who financially support their paper, the least the staff can do is let a capable writer handle the job. "DOUGLAS MacMULLEN,

"Cadet Captain, Inf.,

"Jr. Division, USROTC.

Allow us to say that we welcomed this letter with open arms. However, it proved nothing. Since the writer numbered and commented each item, pardon us while we do the same thing.

1. We are quoted as saying that "ROTC defeats its own ends . . . " If you have an old copy of the issue lying around, look it over, and you'll find that we said " . . . the COMPULSORY ROTC defeats its own ends . . . " Which makes a little bit of difference.

2. He says we allege that there is no need for national defense. Quoting again from the editorial, "WE HOLD NO BRIEF WITH THOSE PEACE ADVOCATES WHO SEEK THE ABOLISHMENT OF MILITARY TRAINING." Pacifist agitators, Mr. MacMullen?

3. Do all ROTC men become commissioned officers in key positions during war? Army men say differently.

4. The fourth point might be correct in part. However, a voluntary citizenry, cooperating because they want to cooperate, is something definitely more to be desired than a compulsory unit whose membership is motivated through fear, and only fear. The building of initiative will produce more results than all of the discipline in the world.

5. We openly challenge point number five. Compulsory ROTC had nothing to do with the founding of our Universities. Your assertion that it is a necessity is absolutely unfounded. Constitutions of land grant colleges make the specific provision that ROTC MAY BE HELD IN THE COLLEGES! IT IS A MATTER THAT IS UP TO THE WILL OF THE REGENTS . . . NOT THE GOVERNMENT!

We could go on in like manner for hours, but space will not permit. We're sorry that a more capable writer didn't handle it, but honestly, we did try our hardest . . . and that's the best we can do.

STATE SQUAD BEATS CHICO

(Continued from page 1)

never was the State goal line in jeopardy.

Second quarter had scarcely opened when Al Gomez, State's triple-threat full-back, took the ball, and with the classiest piece of broken field running seen this season, twisted and fought his way to the northerners' six-yard line. Two plays later, Gomez punched his way over the Wildcats' 0-stripe for a touchdown. Gomez converted to make the score seven to nothing in State's favor.

WILDCATS AGAIN

The Wildcats, however, were not to be awed by this exhibition of speed and strength, and with a stirring aerial attack, coupled with the speed of Bennie Reams, punched over a touchdown of their own. Kollenborne's attempt at a conversion failed.

With the Gaters leading and fighting to protect that precarious lead, the Wildcats conspired among themselves and proved that the hand is faster than the eye by slipping over another touchdown on the Gaters. The place-kick was no good and Chico led 12 to 7.

Second half opened with the speedy Wildcat backs running at will through the Gater wall. For the entire third quarter, the ball never left State territory. Local rooters were given a thrill when Hoffman of the visitors fumbled the ball, recovered, and dashed through the entire Gater team for an apparent touchdown. Sighs of relief were audible on the night breeze when the referee called the play back for a penalty on Chico. The quarter ended with the Wildcats unable to make good when in scoring position.

STATE SCORES

In the fourth quarter the game progressed much the same as in the preceding. The State team seemed to have tightened up somewhat but the tackling was ragged and the Wildcats gained extra yards through laxity in this department.

The real break in the game came, however, when an overly enthusiastic Wildcat player piled into Dick Osborne who was attempting to receive one of Harkness' passes. An alert referee called interference and State was once more in scoring position.

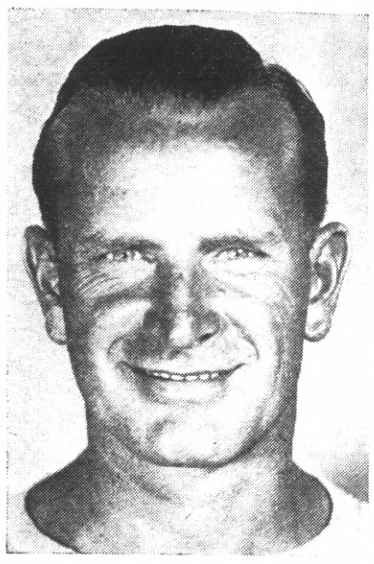
With the game at stake, Al Gomez threw a long, high pass to Bud Chandler behind the end zone, and when the dust had settled and the milling of frantic players had ceased, Chandler came up smiling with the ball clasped to his bosom, like the first-born of a fond mamma. The referee raised his arms to indicate another score for San Francisco State and the ball game was over as far as the scoring was concerned.

PRAISE MEN

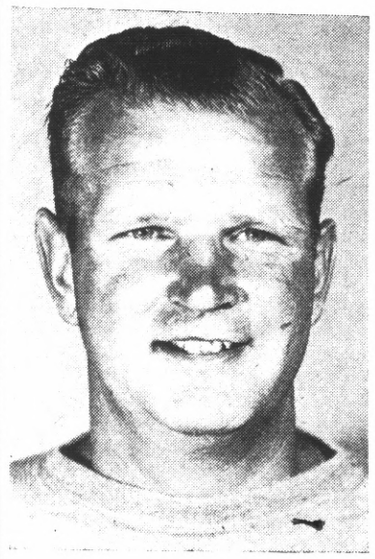
Said taciturn Hal Harden, Gater line coach, after the game, "Happy to win." Said ebbulient Dan Farmer, State backfield coach, "The boys had the will, thats all." To Al Gomez goes the credit for garnering the 13 points for State. To Bud Chandler, who performed the miracle catch which clinched victory for the Gaters, goes muchly deserved praise and highest commendation for a swell game. To Red Thompson and Charley Iago goes the prize for real fighting spirit both when needed, and in reserve. To Frank Jackson, who played in spite of an injured wrist, and who was a pillar of strength in the line, go sincere plaudits of Gater fans.

To the unknown men in the line who play in the dust and never feel the joy of sweeping down the field with the stands roaring in their ears and team-mates pounding them on the back after a score, goes the highest tribute of all. Without the blocking and clipping of the men who are underneath the pile and who clear the way for ball-bearing backs there would be no score.

To these men who fight for the pure joy of the game and are never recognized nor given their just rewards may we offer our humble recognition.



COACH HAL HARDEN
Hal Harden, line coach, smiles slyly because State defeated Chico.



COACH DAN FARMER
Dan Farmer, backfield coach, smiles slyly because State defeated Chico.

Rover Boys Will Tangle Block 'S' Tuesday At Noon

By Dave Schutz

Fourteen teams, divided into four divisions constitute the intramural football group which will play on the Upper Field every day at noon, excepting Wednesday. Tomorrow's game will begin the round-robin tournament with the Block "S" squad meeting the "Rover Boys".

THREE DIVISIONS

Due to the odd number of teams entered, divisions I and III will consist of five squad, with II having four members. The winners in divisions I and II and the winners in division III will meet in a round-robin semi-final, with the victors of this fracas playing off in the final round.

The following is a list of teams entered in the tourney: Division I: Block "S"; Weeke's Men; Rover Boys; Bears and the Purple Shirts. Division II: Campus Characters; Farmer's Gnomes; Fischer's Fighters and Bone Crushers. Division III. Golden Gaters; Has-Beens; Ramblers; Remains and Purple Speedsters.

GAME THURSDAY

Wednesday's Noon dances prohibit games, but on Thursday Weeke's Men play the Bears, with the Campus Characters meeting Fischer's Fighters on Friday noon. The team winning the final round will receive a Purple ribbon with the runner-up getting a used one. Every player on each of these teams gets an award.

A schedule is posted on both the bulletin board outside the Co-op and one in the Men's locker room. Captains will be notified a day before their team plays, so that failure to show up by 12:10 will mean loss by default.

Boy Writes Home; Airs View About Junior Varsity

S. F. State College

Dearest Mother:

Many years ago you caused me untold hours of agony by your constant slapping of that region of my anatomy which I seat myself upon. Yes, that was back in the days when Fanny was just a girl's name, nowadays I am getting the same feeling you gave me then. For instance, last year when I went out for football I received numerous callouses on that aforementioned part of my anatomy which put me in mind of my early youth, not to mention how my daily jaunts to practice reminded me of my daily jaunts to the wood-shed with the old ma—, I mean Dad. But today, today it is a different story, no longer need I wear out my patience, or my pants. Today we have a Junior Varsity, (tomorrow we probably won't have, 'cause we scrimmage the third string varsity this afternoon). Yeah, Mom, I'm out for the Junior Varsity. No longer need I sit on the bench waiting like a lamb getting ready to be led to the slaughter, now I go to the slaughter right away. No messin' around, that's my motto!

We're doin' alright too, Mom, one nite we had about six guys out for practice, had a swell bridge game with two kibitzers! If we could only get some fellows out and get some games and experience under our belts we could go to town! Last week a new kid came out but he made a very drastic mistake; he was told to tackle the dummy and the Coach is still limping!

Well, there's not an awful lot more to say except that I could use a little money and you might send down some of that horse liniment that Dad uses on Betsy. I'm goin' down now and change into my suit of armor and get ready to scrimmage. Sure wish you could be here to see it, it'll be down at Roberts Field around 4:30, this afternoon. I'll see you next summer (I hope).

Your loving son,
Tom

GATER SPORTS
September 30, 1937 Page 3

WOMEN'S ACTIVITIES

If you have a 'mad' on, come out Thursday at eleven and work it off. Hockey is a grand game for socking people and getting socked. Whenever you're in the middle of a scrimmage and some one sneaks up behind and gives you a whack, chase her down and whack her back. Even if she is on your own team, give her a sock. That's our kind of hockey. But we think it's fun, and certainly like it.

* * *

Hey! Come out and play soft ball today. It's not too early to begin practicing for that W. A. A. vs. Faculty game 'cause these educators are plenty tough opponents —hustle your bones over to the gym for the noon recreation program. Tournaments are starting pretty soon and we want every one to enter. You don't have to be a wiz at the game. It's all in fun. We always get put out in the first round and still come back for more. Don't let the moss grow under your feet, be active and get into the swing of "College Life" (but in the mean time don't let cob-webs grow on your brain). . . . The Block "S" and W. A. A. are trying their best to give you a dance each Wednesday noon. But all they can do is furnish the time, the place, and the music. It's up to you to furnish the partner. We know partners aren't scarce though, 'cause we peeked in and saw all the girls on one side and all the boys on the other. What's the matter? Do you need a shove, or are you just shy? . . . Don't forget to get a pom pom for the J. C. game. You'll be queer if you don't have one to swish in everybody's face. Win or lose let's show the J. C.'s we really have something here. Let's see, what is it called? Oh, yes! SPIRIT. . . . The only choir we've heard that can compete with Shadow Brook is the one that bursts out in the girls' locker room each afternoon. Which reminds us—Ah, Bradow Shook. Could we write a book! Good nite Shirley and all the rest of you rugged dwellers of Drain Pipe tent!

Nov. 3 Set As Boxing Show Date

"Boxing and wrestling at State College will be judged and considered a Varsity sport, with all credit due it," stated Carl Yeager, manager of State's boxing team, regarding the Boxing Nite to be held Wednesday, November 3 in the gymnasium. "The sport will be under the heading of varsity competition and participants will be accrued all the benefits and awards tendered to other varsity sports such as football, basketball, etc.," he concluded.

Co-Coaches George Paiva and Maury Schwartz have arranged elimination bouts to be held in the gym in order that the best material may be weeded out and separated into weight classes. Contacts with various colleges regarding competition have been made and according to Dan Farmer, faculty advisor, the response has been very favorable. With a sign-up of over twenty men already posted and an increase of interest being steadily displayed, this event promises to be one that will mean a great deal to the welfare of State athletics.

All fellows who wish to enter within the realms of potential pugilism may do so by reporting to either coach, Tuesday or Thursday at noon in the Men's Gym. Admission will be free, November 3.

Time.... .....Out

By Thorpe

S. F .State College has various factions, clubs, sororities, cliques and what have you, but none of these come up to the imbicilic brainchild of a former State gridder. This ex-footballer has taken it upon himself to form the latest organization on the campus which is called, in Greek; Beta Beta of Figma Sigma or the B. B. of F. S.

It stands for the "Benevolent Brotherhood of Football Slackers!" Certain members, or I should say, ex-members of State past varsities are connected with this organization which boasts a secret handshake and a secret salute, details of which I will give later.

Characters are always prevalent at any institution, but this group of potential fraternity brothers certainly win for State the crocheted bathtub. I think that an organization like this would be be something different in College Life if they took out the "football" part and just called it the "Benevolent Brotherhood of Slackers". It would be the easiest job in the world to find enough members around State to make the movement a success.

To get back to the "Football Slackers". Their handshake is usually done under cover of a binder or something and is accomplished by closing the middle two fingers, extending the index finger and fourth digit and touching hands in the proverbial manner. The salute is a work of art; raise your hand to your right eyebrow, extend your index finger, make a monocle out of your second finger and thumb and look through the supposed monocle, with third and fourth fingers stuck out in the manner of driking tea. Now you're a member, if you've played varsity football and are now slacking.

In closing this little dissertation on the "Benevolent Brotherhood of Football Slackers", I wish to say that Hal Beseman, Captain of the State varsity, voiced my sentiments exactly when he extended that very brief, but emphatic "bronx cheer" to these aforementioned slackers.

Down In Front

By ED. SMITH

Comes the dawn and Intramural football gets under way. This is the chance for those Monday morning quarterbacks to try out some of their intricate, quad-triple laterals ending either in a punt or a broken arm. Who knows just what is going to happen when these "brains" of the team figure out some of the screwiest plays is beyond even Rockne, and he is pretty far off in space. Anyhow, this promises to be the best and most successful season of intramural football, and luck to you Dave.

HOLD 'ER, JUPE!

I only hope the Jupe Pluvius will hold off just a little longer in order that the Gaters may be able to complete the season without a rainy game. It would help the gate receipts too! All week this guy, who is so compact with water, has been threatening the skies one day and is gone the next nite. If he can only wear his shirt for one more week ,then he can wash it and all will be okey-doke for the team, the field, the crowd, and the money!

BOXING BRINGS MINORS

State should and will and is going to have a leather-pushing bunch of fellows. D. J. Cox has long been in favor of having a boxing team ,and this year is the first year that this idea of his has borne fruit. At least twenty men have turned out at his call and are practicing twice a week in the boxing room under the tutelage of Dan Farmer. Minor sports are forging ahead at State, and boxing is just a start.

AT RANDOM

It looks as though Cal. has a team this year (ah, who told you.) Their punishment dealt to St. Mary's, which is no set-up for any college anywhere, was murder, but watch out for the man from the south bearing a wooden horse. Stanford should improve greatly about the middle of the season, so don't say I didn't tell you, and keep your eyes peeled for a Husky dog, I've a Phelan that he has mighty long teeth that can bite very, very hard.

N. Y. A. Notice

Any youth sustaining injury during the performance of his duties for the National Youth Administration is entitled to medical, surgical and hospital services at the U. S. Marine Hospital, 14th Ave. and Lake Street and compensation during disability from work at the rate of two-thirds of the monthly wage.

Should an accident occur to an N. Y. A. employee in the course of his duties, please phone DOuglas 1862 ask for Compensation Officer.

Annual College Christmas Oratorio Plans Formulated By San Francisco State's Large Music Department

New Women's College Chorus To Be Organized On State's Campus Under Dr. W. E. Knuth

Compliment upon compliment has been received praising the State Band and its conductor, Mr. Carl Ernst. Among those received was the following: "I have heard many bands at many colleges but I have never heard a smoother working and snappier one than that of San Francisco State College," stated Mr. Harry Le Roy, sports announcer for station KGGC. "I would also like to express my sincere appreciation of the way conductor Carl Ernst cooperated during the broadcast of the games." continued Mr. Le Roy.

The band is now working on new drills and stunts.

Scarlett's Orch, Vocalist To Entertain At Dance; A.P.G. Take Sponsorship

Win or lose Friday night against S.F.J.C., State will "go to town" following the game at the Alpha Phi Gamma sport dance to be held in the Women's Gym. Admission will be, as usual, twenty-five cents.

Lee Scarlett's eight piece orchestra and vocalist will supply the music. Scarlett's musical group is the same band that plays for all noon-day dances.

Bill Rose, dance chairman, stated that his committee had "gone to some trouble to secure free cigarettes and candy to be given away at the door." However, he made it clear that, "special officers would enforce the No Smoking rule in the gymnasium."

Only four hundred tickets have been printed, and about one-third of them will go on sale at San Francisco Junior College.

A large number of tag dances will be featured, experience in past gym dances proving that the student body favors them. Many junior college students are expected to attend.

This dance is being sponsored by the fraternity to raise money for the Western Section Convention of Alpha Phi Gamma, of which the San Francisco State chapter will be host. Fifteen chapters of the senior fraternity and an equal number of its junior college affiliate will convene in this city during the Thanksgiving holidays.

Alpha Mu Gamma Will Pledge Members Today

Pledging their new members at a special tea Monday, October 4 at noon, Alpha Mu Gamma will hold the first formal ceremony of the school social season. Officiating at this meeting will be Frank Carothers, president of this national honorary language society.

Plans for this tea were completed at a meeting of the club on Wednesday, September 29, at which time members voted to invite the Chico chapter and all alumni to attend the initiation dinner which will take place Friday, October 15 at the St. Germaine Restaurant. It was also voted to hold one evening meeting a month in order to accommodate the alumni of the society.

Will the person or persons who borrowed 2 anatomy books, gym clothes, etc. from the publications office please return them at OUR convenience.

In an effort to expand into higher musical fields, the head of the music department, Dr. Knuth is organizing a new group, All Women's Chorus.

This is something that all women should be interested in. For further details see Mrs. Underwood in the Music Office.

The tentative name of the group is Treble Cleft.

Senior Picture Sign-ups Continue This Week

Senior Picture sign-ups for the 1938 Franciscan will continue this week. Pictures will be taken during the week of October 11 by Fisher Studios.

Sign-up sheets will be in College Hall daily and in the Franciscan Office, Annex A-5.

Pictures will probably be taken in the living room of College Hall, if that room can be secured.

Notification of appointments will be sent to all High and Low Seniors.

State Militarists To Organize Club

Organization of the military-minded men of State will proceed following the approval of the constitution of the Spur and Sabre (club) by the executive board tonight. The new club, which has the approval of Dr. Roberts and Dean Ward, will first concentrate on gathering together all former officers of high school ROTC units and former college unit members who have transferred into State.

Principally aimed at fostering good will toward the ROTC on the part of the student body at large, it is nevertheless rumored that once strongly organized the group will petition the State Board of Education and the War Department of the United States for the establishment of a unit of senior ROTC.

Dr. Roberts, who led an extensive discussion of the possibilities of having military units in State colleges at last week's conference of State college presidents, has verified the fact that the recently-enacted California law provides for the establishment of ROTC on a purely voluntary basis in such institutions as San Francisco State.

The Spur and Sabre has been designed on the pattern of the average SFSC fraternity, although no dues will be charged. Communications regarding membership or activities of the new group may be addressed to Co-op. Box 524.

J. C. Excursion

(Continued from page 1)

buses will transport them to and from the game. Also, a post game rally and dance at the Sacramento Junior College Gymnasium will honor the attendance of the San Francisco delegation.

Decker has appointed the entire squad of yell leaders to assist him in preparing the student stunts and entertainment. They are Hal Delma, Vernon Reese, Francis Twohig, Vern Oulette and Audrey Stewart.

Decker urges all students to purchase their tickets as soon as possible ::because none of our plans will materialine unless we have the required 200 quota."

The combined voices of the A Cappella Choir, the Madrigal Singers, and the College Chorus with the S. F. State Symphony Orchestra held their initial rehearsal of the Christmas Oratorio, "Christmas Eve", on October 1.

In an effort to make all musical concerts greater successes, the combined music groups are rehearsing each Friday in Frederic Burk Auditorium.

Date for the Christmas performance has not as yet been decided.

Dr. Knuth, chairman of the Music Department, is directing the Oratorio with the assistance of Mr. White, Mr. Freeburg, Mr. Zech and Miss McCall.

Movies Enjoyed By O. R. C.; Doris Talks

Laying a general background for the geography and present conditions of China, Mrs. Dorris illustrated her lecture to the Open Road Wednesday with colored movies which she took in the Orient this summer.

An expert photographer, Mrs. Dorris was able to bring back to the college pictures of such detailed beauty and loveliness that those who saw them will long remember.

Among the pictures were scenes of rural life, and river traffic, showing the people and natural verdure of the countryside; the industrial development of cities, showing modern buildings, roads, parks, stadia, and many other great projects, all a part of Chang-Kai-Sheks' movement to modernize China.

These pictures are particularly significant in that many of the scenes which Mrs. Dorris has photographed have been completely destroyed during the past few weeks, by the Japanese war.

New Dueling Course For State Students

Mr. Alexander Ilin, an Emergency Education Program instructor, is to be the teacher in the newly formed Fencing classes in San Francisco State College. The classes meet on Monday and Wednesday at 9 a.m., on Thursday at 11 a.m., on Friday at 1 p.m., and on Wednesday evening from 7 to 9 p.m.

Mrs. Florence Stephenson, head of the Women's Physical Education Department reports that she is very pleased with the progress of the fencing classes which are all well filled.

"P. E. Club Night" For State Women

"P. E. Club Night" will be held this evening in the Women's Gym from 7 to 9 p.m. Betty Creon, one of the P. E. Club commissioners, is in charge of the affair, and invites all members to attend. Games will be offered and will include badminton, ping pong, and paddle tennis.

President Bobbie Sandeen is placing an order for club pins and announces that any member wishing to purchase one may do so by contacting either herself or Betty Creon.

S. R. G. Pledges To Receive Initiations Over This Weekend

Plans having been completed for the annual initiation of new members, Sigma Rho Gamma is awaiting Friday, October 8, and Saturday, October 9, at which time the pledges will be put through their paces both here on the campus and elsewhere, the latter location not being disclosed by President Lillian Johnson, in order to surprise the pledges. Chairman Almarie Porteous, assisted by Lynn Hiney, Clarabelle Bley, and Miss Johnson, will be in charge of the informal ceremony.

The formal ceremony will be held at the home of Miss Cecilia Anderson, faculty sponsor, on Saturday, October 23 at 2 p.m. All members planning on attending either one or both of these initiations are asked to contact either Lil Johnson or Almarie Porteous.

Phyliss Ferrari To Represent S. I. P. R.

Phyliss Ferrari will be the State College representative to the Student Institute of Pacific Relations at a joint executive meeting of all the colleges and universities. The meeting will be held in the near future at the International House on the campus of the University of California.

This Student Institute of Pacific Relations is the youth group of the Institute of Public Relations and has sponsored many activities for the students of the colleges interested in international relations. It is believed by Miss Ferrari, that following true to tradition, the group will participate in a round table discussion.

The International Relations Club of State College is in a great way concerned with this Institute as they have been represented at every one of these conventions.

Week of November 7-13 Will Be Given To Higher Learning

American Education Week is to be observed November 7-13 by teachers' colleges all over the nation and will have as their theme, "Education and Our National Life." This annual occasion lifts public appreciation of education and educational institutions and puts the teachers' colleges in a position to take the leadership in making American Education Week an occasion of real advance of general education.

Teachers' colleges contribute to this week by taking the lead in encouraging a state-wide effective observance of the week by means of personal conferences, by having rallies to inspire every student with an appreciation of the vital connection between education and democracy, and by conducting a demonstration in training schools which will prepare teachers for leadership in American Education Week.

Did this ever happen to you?
You might be standing right next to the most attractive person you ever met, but you don't know it until you are introduced . . . until you get acquainted.
And you don't know how much pleasure a cigarette can give until somebody offers you a Chesterfield.
Certainly this is true: Chesterfields are refreshingly milder . . . they've got a taste that smokers like.
